Allowed Claims: 1-2, 10-13, 15-25, 28-37, and 50-59.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: none of the prior art either alone or in combination disclose or teach of the claimed combination of limitations to warrant a rejection under 35 USC 102 or 103. Specifically, with reference to independent claim 1, none of the prior art either alone or in combination disclose or teach of the claimed projection optical system, specifically including, as the distinguishing feature in combination with the other limitations, the claimed positive lens disposed adjacent the image plane side of the claimed first mirror. Specifically, with reference to independent claim 16, none of the prior art either alone or in combination disclose or teach of the claimed projection optical system, specifically including, as the distinguishing feature in combination with the other limitations, the claimed field optical system forming a second intermediate image of the object and the second imaging optical system re-imaging the second intermediate image upon the image plane. Specifically, with reference to independent claim 22, none of the prior art either alone or in combination disclose or teach of the claimed projection optical system, specifically including, as the distinguishing feature in combination with the other limitations, the claimed magnification BGM1 satisfying the set forth relation. Specifically, with reference to independent claim 28, none of the prior art either alone or in combination disclose or teach of the claimed projection optical system, specifically including, as the distinguishing feature in combination with the other limitations, the claimed LFM1/LFM2 relation being satisfied. Specifically, with reference to independent claim 30, none of the

prior art either alone or in combination disclose or teach of the claimed projection optical system, specifically including, as the distinguishing feature in combination with the other limitations, the claimed field lens unit of positive power disposed between the claimed first mirror and second field mirror.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
